

7 January, 2020

Dear Year 7 Parents, Guardians (and Students),

Re: Year 7 Retreat

Welcome back and Happy 2020!

We will be having a one-day in-house seminar on Wednesday, January 15 for all of our Year 7 students. The focus areas for the day will include team-building and Approaches To Learning (ATL) skills such as building resilience, responsibility and supportive relationships. We hope that students will see this as an opportunity for personal growth, development of critical learning skills, and community bonding.

Students will report to their homerooms as usual at 8:50am then proceed to the Main Hall at 9:00am. Students will be off timetable for the whole day. We encourage students to bring a water bottle and snacks for the breaks. They should wear their PE uniform and comfortable shoes. Students should not bring their laptops to school this day.

There is nothing required on your part, we just wanted to let you know about the change in timetable for that day for our Year 7 students. We wanted to jump start our Year 7s for this second semester, and intensively focus on several key ATL areas with them as we begin this semester.

Sincerely,

Phavana Silva
