Dear Parents and Guardians in Years 7-12

Re: Volunteer Parent Year Level (unofficial) Coordinators

For the past few years, with the support of some great parents, we organized an unofficial class parent for each year group in Secondary. We are very appreciative of this helpful role in communicating with our community.

What is a Class Parent?

Our Class Parent is an unofficial alternate liaison/support for Year-level parents to seek clarification or assistance in school issues related to the school year. While in general, all parents are encouraged to communicate directly with the school, there may be times when parents wish to seek clarification from a fellow "parent".

Our Class Parent may assist with:

- Facilitating the (unofficial) Year-Level Facebook or WhatsApp groups (where applicable)
- Helping clarify school communication/issues
- Directing parents where to seek further information
- Welcoming new families to the school/year level
- From time to time assisting with gathering parent volunteers for activities
- Support the monthly CPG coffee mornings

We are pleased to announce the following parents have stepped forward to help at the respective year levels:

Year 7 (Grade 6) Ms Nicole - nicolewongliwan@gmail.com Contact no. 91004409
Ms Tiffany - frankli79@hotmail.com Contact no. 96431625

We would like to thank our parents above for assisting us. These are unofficial and volunteer support parents for our Chatsworth community. **Due to data protection laws, we are unable to send your details to the parents above, however, if you wish to be part of your year-levels parent group/network please get in touch with the appropriate class parent.** Some will organize with Facebook Groups, others with Whatsapp groups, for example.

Sincerely,
